

WHAT WE HEARD

Carrboro High

Engagement by the Numbers:

- 307** students, parents, and school staff engaged
- 7** school-based events and pop-up activities
- 70** students participated in Walk and Roll to School Day 2025
- 45** SRTS student survey responses
- 14** SRTS parent survey responses
- 20%** of surveyed students and families walk, bike, or roll to school everyday

Key Safety Concerns

Driver Behavior

People drive too fast and do not obey traffic laws along Smith Level Rd and the Rock Haven Rd roundabout

Morgan Creek Connectivity

Low connectivity and rugged terrain along Morgan Creek between the school and Weatherhill/Tennis Club Estates neighborhoods

Hilly Terrain

It is difficult for people living close to walk, bike, or roll because Carrboro High is on a hill

Improvements People Want to See

NC-54: Install a multi-use path and safer crossings

Morgan Creek: Install a bridge over the creek and pave the existing informal path

Within Walk Zone: Implement high-visibility crosswalks

Woodcrest Dr: Complete sidewalk to enhance the existing informal path to Rossburn Way

WHAT WE HEARD

Carrboro High

How Do Kids Currently Get to School? *According to the surveys...*

**15 ride the
school bus**

18 walk

**23 drive or get
dropped off**

Top 3 Reasons Kids Do Not Walk or Roll *According to the surveys...*

1

**Distance to
School**

2

**Prefer to Drive/Get
Dropped Off**

3

**Time
Constraints**

“
Advertisement to drivers.
Many drivers go over the
speed limit when driving in
school areas and only slow
down if they see [a] student.
The drivers should be going
slower regardless and
accidents can happen because
they can't see the student...
”

“
At the two roundabouts leading up to
school cars rarely yield to
pedestrians! My sister and I have to
wait for at least 5 cars for someone to
yield to us so we can cross.
”

“
There is no walking path to
Carrboro High School from the
Weatherhill/Tennis Club Estates
Neighborhood. A bridge over the
creek would connect us to the
high school on foot...We just
need a foot bridge over Morgan
Creek and brush cleared to
create a walking path
connecting three neighborhoods
to Carrboro High School
”
